

HOSPITAL BULLETIN

For Estates and Facilities Managers

More news

More for the reader

More opportunities for you

Hospital Bulletin is the enquiry generating, editorial-packed, bi-monthly journal for the hospital estate and facilities management team – offering the reader a broad spread of pertinent product and project news and development information.

It delivers increased marketing opportunities for you by reaching the key, named specifiers and decision makers at all levels of the NHS and private health sector, together with leading architectural practices and contractors specialising in healthcare.

A massive 25-30% of the NHS's £100 billion budget is controlled by *Hospital Bulletin's* influential readership.

Busy healthcare estates and facilities managers voted *Hospital Bulletin* their “favourite read” in independent surveys, while delegates to Healthcare Estates describe it as “extremely relevant”.
